

Term 1 Week 6

What's happening in term 1?

March

- 9 - School Photos
- 11 - Working Bee
- 14 - Specialist Series (Sara Black)
- 23 - Cross Country
- 29 - Last Day of Term

School Values – Effort in all things

*Work with enthusiasm, as though you were working for the Lord rather than for people.
Ephesians 6:7*

It's not always easy to be motivated to get things done. I did a job at home on the weekend that I have been putting off for a while, but now I'm happy that it's done.

The scripture above encourages us to work hard, to work well, not for anyone else, but for the Lord himself. This is strong motivation!

Uniform Matters

Now that the hot weather seems to have gone for now, there have been some students wearing jumpers to school.

Please ensure that your child's jumper is named so it can be handed back to them if it is misplaced.

Only school uniform jumpers are permitted to be worn with school uniform; both at school and in public places.

School Works

The new turf is green and thickening up, so it will be used by students very soon. Thanks to Mr Kelvin Strahan for all of his work managing the irrigation of the new grass during the very hot weather.

Specialist Series

The first of our specialist guest speakers is Sara Black. Sara is a Behavioural Optometrist, who will share her experience and expertise on Tuesday 14 March, at 7pm.

I encourage all parents to attend. There is a lot more to Optometry than just seeing in focus.

Parenting Resources

There are many helpful parenting resources available on the [Focus on the Family](#) website.

Follow the link to see resources that you may like to use and share.
